WHAT COMES AFTER SCHOOL

What comes after school?

- Are you questioning what comes next after school?
- Nervous and maybe a bit unsure about how to make the move forward into the workforce?
- Need some support to get your resume ready and get some practical help with interview skills?

THIS IS WHAT OCTEC DOES

We are a not for profit organisation that has been supporting students to overcome barriers for over 40 years – and we're really good at it 😊

We work and support students across all types of disabilities to take that first step into the workforce.

We can help you with gaining work-ready qualifications, help you find work in an industry you're interested in and support you all the way through the process.

Our consultants will work one on one to get you where you want to be!
