

# ABOUT EQIP Gladstone

EQIP works with education and industry to provide alternative education programs for secondary students in the Gladstone region. Through collaboration EQIP creates opportunities for students to develop valuable employability skills, knowledge, and experience.

## AUTHENTIC WORKPLACE LEARNING

- 7 programs to develop work-ready skills and experience
  - EQIP Engineering Skills Centre (EESC)
  - EQIP Process Plant Operations (EPMA)
  - EQIP Business, Industry & Tourism Skills Centre (EBITS)
  - EQIP Technical College Gladstone Region (ETCGR)
  - EQIP Doorways to Civil Construction (ED2CC)
  - EQIP Health Support Services (EHSS)
  - PREQIP

- Complete nationally recognised qualifications with an RTO
- Learn through experience in authentic work environments
- Advisory Committees provide guidance on program design

## WORKSHOPS

- Develop valuable behavioural employability skills
- Explore values and qualities and build personal brand
- Explore recruitment and selection processes
- Practice and prepare for industry mock interviews

## WORK EXPERIENCE

- Learn first-hand about industry and occupations
- Observe people at work and the work they do
- Gain entry-level skills and experience
- Over 85 vocations available to experience across various sectors

## CAREERS EXPO

- Explore career and education pathways
- Speak with the experts to help make informed decisions
- Learn about alternative pathways to career or education opportunities
- Hear from leaders about their career journeys

EQIP is an innovative, highly awarded not-for-profit association that has a strong reputable brand in the local community and within the education sector more broadly. The following organisations are sponsors and program partners who contribute to the education of our next generation workforce.
