

WORK EXPERIENCE COUNTS!

Work experience provides valuable opportunities for students to learn about specific occupations, explore career pathways and gain skills and experience in different jobs and sectors. Through work experience employers can talk to students about the industry, its career paths and future directions and potentially identify future employees.

Students, there are over 85 vocations across a range of industry sectors for you to choose from. Chat to your senior school coordinator today!

FAST FACTS

- EQIP is the central point of contact for all schools and employers in the Gladstone region for work experience
- Work experience is available to Year 9 (over 14), 10, 11, and 12 students
- Work experience is typically 1 week in duration, however, can be longer blocks of time
- Students can participate in vocational work experience or structured work experience
- Work experience is unpaid
- Students are covered under Schools WorkCover and Liability Insurances

EQIP works with Gladstone schools, business and industry to provide students with valuable work experience opportunities!
